MISSIONARIES IN ROMANIA

By profession, Floyd Frantz is an addictions counselor. By God's grace, he crossed paths with former OCMC missionaries in Romania who talked about the high level of addiction and alcoholism in the country. After a fact-finding trip to Romania and discovering there was no treatment for alcoholism, Floyd began the St. Dimitre Program in the city of Cluj – where he has since been developing education and treatment programs through the Orthodox Church in Romania. These programs are now active throughout the country and in parts of the Republic of Moldova.

Please keep the Frantz family in your daily prayers and become a regular monthly supporter to ensure their ongoing mission. Further, consider serving as a missionary yourself, helping to share the love of Jesus Christ with all the world.
